## CLIENT BRIEF

A multi-generational family in the jewellery industry sought to create a home that could be shared by grandparents and their son's growing family. "Due to their business nature, they are often travelling and this home is a base for them as well as a gathering place for the extended family to stay and connect," explains Rowena Gonzales, founder of Liquid Interiors. "They were looking for a luxurious space that represents their cultural preferences, vibrant personalities and also luxury taste."

從事珠寶行業的多代同堂家庭，希望打造一個既能讓祖父母與兒子共聚天倫，又能體現家庭文化與個性的家居空間。Liquid Interiors創辦人 Rowena Gonzales表示：「由於工作關係，他們經常出差，這個家既是他們的基地，也是家庭聚會的地方。他們希望這個家能反映他們的文化偏好、充滿活力的個性以及奢華品味。」

## CONCEPT & STYLE

The design blends jewellery-inspired details with upscale, hotel-like aesthetics and Shanghaiese influences, reflecting the family's multicultural lifestyle. "The jewellery box – luxurious, colourful, playful and elegant" defines the overall atmosphere.

設計糅合啟發自珠寶的細節、高端酒店美學以及上海風格的影響，反映家庭的多元文化生活方式。整體氛圍以「珠寶盒」為靈感，奢華、色彩繽紛、俏皮而優雅。

### CHALLENGES

“The biggest challenge was creating a hidden prayer area at the entrance that could seamlessly integrate with the design,” Gonzales explained. The solution required careful engineering to ensure the spiritual space remained both beautiful and functional while maintaining the home’s sophisticated aesthetic.

「項目最大的挑戰是在入口處打造一個隱藏的祈禱空間，同時能夠無縫融入整體設計，」ROWENA解釋。解決方案需要精心的工程設計，確保這個靈性空間既美觀又實用，同時保持整個家的精緻美感。

### SOLUTIONS

The five-bedroom, six-bathroom layout, maximises the mountain-facing location with arched bi-folding doors that highlight the fantastic views. “We took this area to heart and aligned the panels so that a hidden door could slide open with the wave of a hand to uncover their prayer area. As spirituality is at the heart of their wellbeing, we put a lot of effort into making sure this area is beautiful, brings a sense of joy and enlightenment with the glowing lighting effect and is still humble.”

The living room features jewel tones, curved sofas, powder blue Italian pendant lights, and a marble-patterned feature wall with a fireplace. The entertainment room showcases an emerald green chaise longue that can be converted to a sofa bed facing a cinema-scale television. The staircase, topped with a skylight, transforms into what Gonzales calls “a peaceful

journey” during daylight hours. “We wanted to make the experience of going up and down the storeys a special experience.”

The grandparents’ suite commands the entire second floor with oriental motifs, stork-adorned feature walls, and a vibrant burnt orange king-size bed reflecting Chinese heritage. The emerald green kitchen boasts top-of-the-line appliances and a waterfall island, while a second kitchen features fluted glass wall cabinets and crystal pendant lights over a curved marble island for casual gatherings.

這個五房單位充分利用向山的地理優勢，加入拱形的折疊門設計以突顯絕佳景觀。Rowena表示：「我們對這個空間投入了很多心血，對齊面板，讓隱藏的門可以隨著手勢滑開，展示他們的祈禱空間。由於靈性是他們幸福生活的核心，我們特別用心確保這個空間既美麗又帶來喜悅和啟發，同時保持謙遜的氛圍。」

客廳以寶石色調為主，配有弧形梳化、粉藍色的意大利吊燈，以及配備火爐的雲石紋理特色牆。娛樂室放有一張可轉換為梳化床的翡翠綠貴妃椅，以及影院級電視設備。樓梯頂部設有天窗，在日間成為設計師所稱的「一段平靜的旅程」。她說：「我們希望上下樓層的體驗能成為一種特別的感受。」

祖父母的套房佔據了整個二樓空間，配備東方圖案、仙鶴裝飾的特色牆以及充滿活力的橙色特大床，體現出中國傳統文化。翡翠綠廚房配備頂級電器和瀑布式中島，而另一廚房則設有通高的玻璃溝槽櫥櫃、水晶吊燈以及曲線雲石中島，適合輕鬆的小型聚會。

## Tips

### Make a great first impression

A standout main door adds a lot of personality to a development where every house looks the same. It helps to set the tone. Metal embossing has been used for the door in this project.

### 留下美好的第一印象

一扇與眾不同的入口大門，能為一個每間房子看起來都一樣的住宅區增添不少個性，也能幫助確立整體的基調。項目的大門採用金屬浮雕的材質，更具特色。

### Turn storage into a design statement

In the living room, the team created a feature fireplace as a focal point that also acts as a very large storage space. Storage does not have to look like cabinet doors; make it a feature.

### 火爐兼作收納空間

在客廳中，團隊設計了一個火爐作為視覺焦點。這不僅成為空間亮點，還充當一個大型的儲物空間。儲物空間不一定要看起來像櫥櫃門，將其打造成一個美觀的設計元素，有助提升整體家居美感。

## — Tips —

### Use colour to complement personalities

Personalise your client's home right, and your colour scheme will match your client's outfits when they move in. The clients for this project had very colourful personalities. Always dressed in vibrant colours and loved colourful artwork. The design team made sure there was a balance of colour and also a lack of colour to bring focus when needed, and to also act as a backdrop to their artwork.

### 以色彩彰顯個人風格

當配色得宜，家居色彩應能與屋主的穿衣風格相得益彰。在這個項目中，客戶擁有非常豐富多彩的個性，喜歡穿顏色鮮豔的衣服，並對色彩繽紛的藝術品情有獨鍾。因此團隊在設計中融入豐富色彩，同時留有簡約的色彩區域，既能統一視覺效果，也為藝術品提供襯托背景。

### Prioritise wellbeing

Understand your client's practices that bring them wellbeing. Get those areas right and their home will bring much more to them than just a showcase. In this case, spiritual wellbeing was a main priority.

### 考慮幸福感

了解客戶的日常習慣，做好關鍵區域的設計，令他們的家不僅美觀，更能真正提升生活質素。以這個項目的客戶為例，精神上的幸福感是他們的首要考量。
